GET YOUR
HANDS-ON
A COMPUTER...

...at the CLINTON COMPUTER LEARNING CENTER!

The Clinton Computer Learning Center was formed in 1982 for the purpose of training users in basic computer operating procedures as well as specific business and home applications. Most of the training offered is for the computer novice.

The Learning Center provides custom-designed training seminars for business and government personnel. Seminars can be held on-site or in the Center's fully-equipped classroom.

The Learning Center also offers a regular curriculum of business, home and career-oriented computer classes. Call for details, additional course offerings and schedules.

Curriculum of Computer Courses

NEW APPLE OWNERS COURSE. 4 hours. Learn the basic operating procedures of the world's most popular small computer! Course includes five program disks.

NEW CP/M OWNERS COURSE. 4 hours. Hands-on instruction in the industry's standard operating system. A must for owners of CP/M-based computers.

APPLE LOGO FOR TEACHERS. 10 hours. A University of Maryland accredited course for teachers. Practical classroom applications.

BASIC PROGRAMMING. 12 hours. Hands-on instruction for computer novices in this simple programming language.

APPLE WRITER. 2 1/2 hours. An introduction to this easy and popular word processing system.

COMPUTER CAMP FOR KIDS. 15 hours. Introduce your child to the world of small computers! Hands-on programming and instruction in practical applications.

The Learning Center is rapidly developing into an area resource center for computer education and instruction. Please contact us at 301/856-2500 for details on our curriculum and inquiries regarding your specific training needs.
